Scoring Criteria

Impact
(25 points)

The ability to create a positive impact or solve a problem, considering both qualitative and quantitative aspects.

Feasibility
(25 points)

The practicality and realistic possibility of implementing the innovation or solution, including a clear plan and timeframe.

Uniqueness
(25 points)

The outstanding and competitive advantages of the team's innovation compared to existing ideas.

Relevance
(25 points)

The innovation or solution should align with the challenge theme.

That's a wrap!

Thank you for participating.
